The Commonwealth's transition to a Head to Health Statewide Intake and Assessment Hub, along with a locally commissioned Referral Spoke service, is changing the current referral pathway into mental health services. To ensure GPs and other referrers are well-informed of these changes, we are hosting three educational information events across the HNECCC region.

Join us at our 'Mental Health Referral Expo,' where PHN-commissioned mental health providers will have stalls showcasing their services. The event will also feature a coordinated presentation detailing the upcoming changes to the referral pathway and mental health services.

Don't miss this opportunity to stay informed and connect with mental health providers.

Who

General Practitioners & GP Registrars

"By giving your details to attend this education session, you are consenting for your details to be shared with the presenters and sponsors"
