We're excited to announce that registration for the 2022 Rural GPs Conference is now open! This popular event for rural doctors and medical students will be held face-to-face from 24-27 November at the Crowne Plaza Sydney Coogee Beach. The conference will include clinical and non-clinical lectures and workshops as well as a range of social events and a Partner and Children's Program. It will be accredited with RACGP and ACRRM. This year we're also pleased to be able to offer FREE online access to ALL available presentations from RACGP's GP22. So that's two conferences for the price of one!

And speaking of price, you can apply to have the cost of your registration, travel and accommodation reimbursed through the Health Workforce Scholarship Program (HWSP). You can start the application process when you register. Can't make it to Coogee? Don't worry, there's an online option too.

The 2022 Rural GPs Conference is brought to you by NSW Rural Doctors Network and Rural Doctors' Association of NSW. It is part of Rural Health Pro's RH22 – a month of events and activities for the rural health community held throughout November
