AAAHP continues to provide affordable first class educational and networking opportunities for its members and the greater Anaesthesia community. We do this by securing the assistance of companies within the Anaesthesia community to be involved in these events. This year we are in sunny Queensland, and hope that all those interested in this amazing science of Anaesthesia come along and be part of what promises to be an incredible social, learning and educational conference, where we intend to cater for all aspects of those interested in this incredible field.
