This internationally accredited two day course is accredited by the Australian Resuscitation Council (ARC) and Resuscitation Council (UK).

It is designed for health care professionals who would be expected to apply these skills as part of their clinical duties. Appropriate participants include doctors and nurses working within ED, CCU, ICU, OT and as part of critical care teams and paramedics.

Prior skills and CPR competence is an essential pre-requisite to attending this course.

Please email ellen.bugeja@health.nsw.gov.au for information on how to register.
