Join us for our virtual Australasian Melanoma Conference 2021 from the comfort of your home! Hosted by Melanoma Institute Australia, the conference will showcase an outstanding program covering our latest understanding of melanoma across all stages of the disease spectrum and feature experts from across the globe. This 2-day event will be filled with inspiring presentations, engaging debates and panel discussions, skill-based workshops and networking opportunities. There is also a dedicated GP Education Day on the Saturday of the Conference that has been accredited through RACGP and ACRRM.
