The annual BFD Conference has become one of the most sought after events on the conference calendar for medical practitioners. This invitation only event hand-selects each exhibitor, presenter, topic, and speaker in order to maintain the highly relevant material that will value-add to the clinician's, practice owners' and practice managers business knowledge. With more than 50 workshops over three days there is plenty of learning opportunities as well as networking and an opportunity to meet some fabulous presenters. The much sought after MBS Education is high on the agenda and will be delivered across 2 dedicated MBS Sessions each day. These sessions will be targeted to all clinicians, practices owners and managers
