The Monash Victorian Heart Institute invites primary care physicians, nurses, allied health professionals and students with a specific interest in cardiology relevant to general practice, to attend our cardiology masterclass.

Our program was designed specifically with General Practitioner's in mind and our evidence-based presentations have a strong focus on providing practical advice with plenty of time for Q&A so you can gain the specific knowledge you require.

The Monash Victorian Heart Institute Cardiology Masterclass has an expert faculty lined up to summarise the latest research and clinical practice updates over 10 modules.
