

Caring for COVID-19 Positive Patients in the Central Coast Community

WHEN Thursday, September 30th 2021
7:00 PM - 8:00 PM

WHERE Online

COST Free

This webinar will discuss the management of COVID-19 positive patients (both children and adults) in the Central Coast region, from when they are first diagnosed to when they are released from home isolation.

The session will cover:

- A proposed shared care model for general practice involvement in caring for COVID-19 positive patients in collaboration with CCLHD COVID-19 care teams.
- How the CCLHD COVID-19 care teams decide the type of care a patient receives.
- The role of the patient's GP/General Practice and communication with GP/General Practice team.
