

# Chronic Pain: The Patient Journey - opioid prescribing, deprescribing & the Whole Person Approach - Webinar 1

You are invited to a series of two webinars which will provide evidence-based information on the biopsychosocial model for chronic pain management. The education will assist with greater integration between specialist pain services and primary care. It will also highlight the interdisciplinary approach through the patient journey.

**WHEN** Wednesday, June 21st 2023  
12:00 PM – 1:00 PM

**WHERE** Online
