

> Culture and Dementia Workshop

WHEN Thursday, March 30th 2023
10:00 AM – 12:00 PM

WHERE Online

COST Free

There are more than 447,000 people living with dementia in Australia and many of them are from multicultural backgrounds. This session will enable you to understand how people from diverse cultures perceive Dementia and give you information and resources to help provide support and care for people with different cultural needs living with Dementia.

The culture and Dementia training session is for anyone who has an interest in delivering health or care services to people from a CALD background that are living with dementia.
