

Curing Hepatitis C in Primary Care

WHEN Saturday, November 12th 2022
9:00 AM - 12:00 PM

WHERE Online

COST Free

Treatment with direct acting antivirals is easier than ever. Increasing HCV treatment in primary care is crucial to achieving HCV elimination in Australia by 2030.

This course aims to provide general practitioners, nurse practitioners and other prescribing practitioners the skills and confidence to diagnose, assess, manage and treat HCV in primary care. This training includes an online learning module and a live webinar. The interactive session provides an opportunity to discuss and practice strategies with peers and specialists.
