

Dare to Innovate: Hepatitis C Models of Care

WHEN Tuesday, June 22nd 2021
7:00 PM – 8:30 PM

WHERE Online

COST Free

This interactive webinar will explore innovative models of care with the aim to reinvigorate General Practitioners' engagement in prescribing DAA therapy for hepatitis C. After attending this webinar, attendees will identify patient barriers to testing and treatment and consider new strategies for connecting with the patient population to find and treat the remaining cases in Australia.

This course is for: General Practitioners and GP Registrars prescribing or intending to prescribe s85 direct-acting antiviral medication for HCV in primary care settings.

This webinar is being run in partnership with RACGP. This education is a CPD Activity under the RACGP CPD Program. 3 points allocated.
