Digital Health Foundations Series 2 - Accessing PRODA & HPOS

WHEN   Wednesday, July 12th 2023
            11:30 AM – 12:00 PM

WHERE   Online

COST   Free

The meaningful use of digital health in Australia is underpinned by healthcare organisations connecting to the Healthcare Identifiers service. This four-part webinar series will provide managers of medical practices, community pharmacies and other healthcare organisations with an understanding of the foundations of digital health and how to put in place the pre-requisites required to connect to digital health services (such as electronic prescriptions, My Health Record and secure messaging). This session, 'Accessing PRODA & HPOS', is the second in the series and will cover the steps required to gain access to Health Professionals Online Services (HPOS) via the Provider Digital Access (PRODA) platform, prior to registering an organisation for the HI service.
