

# Digital health tools for specialist practices - Panel discussion

**WHEN** Tuesday, February 16th 2021  
7:00 PM - 8:00 PM

**WHERE** Online

**COST** Free

The Australian Digital Health Agency is pleased to be hosting an interactive webinar focusing on digital health technologies for private specialists and practice staff, including My Health Record, telehealth, electronic prescribing and secure messaging. A panel of experts will be fielding questions and discussing how digital health can enable improved decision support and continuity of care.
