

# Digital Health Tools for Specialists in Private Practice

**WHEN** Thursday, April 29th 2021  
7:00 PM – 8:30 PM

**WHERE** Online

**COST** Free

We invite specialists in private practice and their practice managers to an information session on the latest digital health tools. Find out how digital health tools help facilitate care coordination with other health care providers, to ensure continuity of care when delivering specialist health services.
