

Ear Wax Removal (Irrigation)

WHEN Tuesday, August 23rd 2022
8:30 AM - 4:00 PM

WHERE Australia

COST \$400 Bundle Package (\$450 stand-alone program)

The Course in Ear Wax Removal (Irrigation) aims to develop the knowledge and skills to be able to manage wax (cerumen) and the irrigation process including risks, safety of practice, complications, follow up and referral recommendations. You will learn the skills and knowledge required to safely undertake an ear assessment and will be assessed in the classroom by a clinical trainer. On successful completion of the program, you will be accredited in ear wax removal by irrigation and therefore workplace ready.
