**Aim of workshop:** Develop an understanding of a palliative approach and how Culture influences end of life care. The workshops are interactive and provide ample time for discussion through case presentations and examples.

**Topics include:** What is a palliative approach; what is end of life; what is Culture and how does it influence end of life care; CaLD beliefs and values around death and dying; culturally appropriate communication skills; overview of PEPA and placement opportunities.

**Intended workshop audience:** ALL persons working in Aged Care Setting primarily but also open to ALL clinical and non-clinical persons currently working across ALL health settings (RACF,

community, hospital, GP practice, etc) including volunteers. This is NOT a clinical day - this session focuses on 'what is Culture' and how Culture influences the palliative approach and end of life.
