Our MHT Masterclass is for GP's wanting a deeper dive into this misunderstood topic. WellFemme Founder Dr Kelly Teagle is joined by Australasian Menopause Society President and GP Dr Karen Magraith, plus WellFemme colleagues Dr Katie Kent, Dr Ruth Spencer and Dr Anna Alderton for this event.

In this webinar you will:

- Briefly recap the principals of MHT prescribing
- Consider the evidence for prescribing MHT in "tricky patients"
- Review case studies demonstrating a practical approach to prescribing for:
 - Breast cancer patients
 - PMDD
 - Older postmenopausal patients
 - Patients with medical co-morbidities, and

- Have opportunities to ask questions of the expert panel.

The presentation will be recorded; all registrants will receive a link to the recording in the days following the webinar. Attendees will be eligible to apply for Cat 2 CPD points.
