12:00 PM - 12:30 PM

WHERE Online

COST Free

This webinar is for practitioners and service providers working with culturally and linguistically diverse communities. When you're working with clients who speak another language, relevant translated materials are key to them understanding you.

In this FREE WEBINAR we will show you how to find relevant resources and make the most out of the Health Translations website.

We'll answer your questions about navigating the website and finding high quality translations you can provide to clients.
