Scan for [more information](#) and [registration details](#)

**WHEN** Tuesday, March 8th 2022  
6:30 PM - 9:00 PM

**WHERE** Australia

**COST** REGISTRATION FEES - \$77 HPMI Members, \$110 HPMI Non-members

• 2.5 Hour CPD Educational Workshop • 5 Category 2 CPR CPD Points from RACGP via Medics for Life • Suitable for ACRRM Members (BLS) • Certificate of Completion will be provided • Suitable for the whole practice team Learning Outcomes On completion of this activity, participants will be able to. Identify and apply the steps that need to be taken in the event of a cardiac arrest patient in the general practice setting. Recall the appropriate methods and processes of gaining emergency assistance in the general practice setting, in the event of a cardiac arrest. Manage a suspected cardiac arrest including the demonstration of BLS-CPR procedures, including the delivery of effective ventilation and compressions, and use of an AED on all age groups using anatomically appropriate resuscitation manikins. Implement strategies in the practice to reduce the emotional impact of an emergency on individuals and the team.
