

Is this a Bipolar Illness?

WHEN Wednesday, May 22nd 2024
6:00 PM - 7:00 PM

WHERE Online

COST Free

Dr. Wimaladharma Ranasinghe, a Consultant Psychiatrist specializing in Adolescent/Youth Mental Health and Addiction Psychiatry, will lead a discussion focusing on the prevalence, diagnosis, and management of affective disorders and bipolar illness among young individuals.

Through case scenarios and practical insights, he will address diagnostic challenges and effective management strategies, aiming to enhance the skills of General Practitioners in understanding and addressing these complex issues within their practice.
