The reliance on the widespread uptake of the COVID-19 vaccine to enable the relaxation of lockdown restrictions, has created a number of issues for workplaces to consider when managing a safe and efficient return to work. Please join us for this information session to discuss:

- Workplace laws relevant to vaccination:
  - Public Health Orders
  - Work health and safety (WHS) legislation
  - Fair Work Act 2009 (Cth)
- Risk assessment and approach to vaccination under WHS laws
- Legal risks and risk mitigation
- Principles for implementing vaccination requirements
- Exemptions and managing non-compliance
