

MBS Education for General Practice - Newcastle 2022

WHEN Sunday, December 11th 2022
10:00 AM - 5:30 PM

WHERE Australia

COST From \$567.05

With more General Practice clinics moving towards private billing Doctors have never been under more pressure to bill correctly to reduce patients out of pocket costs. Understanding the Medicare Safety Net, Department of Veterans Affairs items, Combination billing, Medication Reviews, Chronic Disease Management financial support, benefits of private health insurance and value-for-money medication reduces the patient's financial burden for health care.
