COST Free

From 28 – 30 March, engage and collaborate with experts and peers in topics spanning mental health and climate change, social isolation and loneliness, family violence, eating disorders and much more.

Check out the unique program that features expert presenters participating in a debate, hypothetical, and panel discussion, as well as collaboratively unpacking topical and challenging case vignettes; a range of networking opportunities, and daily drop-in mindfulness sessions. Curate your conference experience by choosing from over 20 activities across three days and evenings to meet your PD and networking needs. Come to one, some or all!

This activity, funded by MHPN via the Department of Health, is free for Australian-based practitioners. However, places are limited – register now to avoid missing out.

Registrations close at 11:59 PM Tuesday 14 March.
