

# Nicotine e-cigarettes: Legislative changes

**WHEN** Wednesday, September 15th 2021  
1:00 PM – 2:00 PM

**WHERE** Online

**COST** Free

From 1 October 2021 it will be illegal to buy nicotine e-cigarettes or nicotine vaping products without first talking with a GP and getting a prescription. To learn more about the changes in nicotine e-cigarette laws and how that may impact practice, NACCHO (the National Aboriginal Community Controlled Health Organisation) and RACGP (the Royal Australian College of General Practice) are hosting a complementary webinar for GPs, non-GP clinicians, ACCHO and practice staff.
