Join a leading panel of experts as they discuss how to tackle Australia's obesity crisis. Hear the latest on clinical interventions in obesity, a summary of recent clinical trials, and recommendations for a multi-disciplinary blueprint for weight loss intervention in primary care.

This masterclass will be hosted by:

Prof John Dixon, Primary Care Research, Monash University, VIC; A/Prof Samantha Hocking, Endocrinologist, Royal Prince Alfred Hospital, University of Sydney, NSW; Dr Catherine Bacus, Bariatric General Practitioner, Alevia Medical Weight Loss, VIC.
