

# NSW Sexual Health: Management & Care for Nurses and Midwives

**WHEN** Starts: Tuesday, June 11th 2024 at 6:30 PM  
Ends: Thursday, June 20th 2024 at 6:30 PM

**WHERE** Online

**COST** Free

This four-part online training course helps nurses, midwives and sexual health workers understand the public health aspects and clinical management of common STIs, HIV and hepatitis B. The course helps participants develop confidence in a proactive and practical approach to health care and evidence-based practice.
