

Opioid Treatment Accreditation Course (OTAC)

WHEN Saturday, March 18th 2023
9:00 AM – 4:30 PM

WHERE Online

COST Free

Are you a GP or other medical practitioner and want to learn more about opioid treatment for managing patients with opioid dependence? Join us remotely via Zoom, or in-person in Sydney. This free course, led by drug and alcohol specialists, gives you the knowledge and skill to support the safe prescribing of opioid treatment pharmacotherapies (i.e., methadone and buprenorphine for opioid dependence). Those who complete the OTAC are also eligible to undertake a brief clinical placement and apply for accreditation to prescribe opioid treatment pharmacotherapies within NSW.
