NUAA "Practice Matters" Webinar Series: OTP in Primary Care

Over 50,000 people are on the Opioid Treatment Program (OTP) in Australia. Most are prescribed in general practice. Are you a GP, work in general practice or another part of the health system? Come along to our free webinar on providing opioid treatment in primary care.

This education is a CPD Activity under the RACGP CPD Program 2020-2022. NUAA is a CPD Education Provider under the RACGP CPD Program.

Speakers: Dr Rob Page (Addiction Medicine Specialist/GP), Dr Mary Harrod (CEO, NUAA) and OTP consumer representatives.
