In collaboration with The University of Melbourne, RCH and MCRI the RCH Education Hub is excited to bring you this multifaceted Education Program designed specifically for General Practitioners. The Paediatric Health education Program for General Practitioners includes: Monthly interactive webinars, recordings available, online chat forum, resources and feedback to support your practice in child and adolescent health and development. The first webinar for the year is titled "Periods shouldn't ruin your life" and is provided by Professor Sonia Grover Gynaecologist, Pain Medical Specialist and Chief Investigator of LongSTEPPP of RCH Melbourne.
