NSW Rural Doctors Network and the Rural Doctors' Association of NSW are excited to invite rural GPs to this year's Rural GPs Conference. Join us from 23-26 November at the beautiful Crowne Plaza Coogee Beach, either in person or online - the choice is yours!

Our conference program is tailored specifically for rural GPs like you. Expect a dynamic lineup of clinical and non-clinical lectures, interactive workshops, and a range of social events to keep you engaged and connected. We've made sure to apply a rural lens to the content, providing you with practical insights and strategies that align with your unique context. Plus, the conference will be accredited by ACRRM and RACGP, contributing to your professional development.

But that's not all! We have additional events you can add to your conference experience, making the most of your time away from the office. Explore opportunities like the ALS workshop, an introduction to point-of-care ultrasound workshop, and a dedicated day focused on the future of rural health with RDA NSW.
