Calling all rural nurses! Are you ready to take your practice to the next level? Rural Health Pro invites rural nurses to the highly anticipated Rural Nurses Conference which will be held at the Crowne Plaza Coogee Beach on Thursday 23 - Friday 24 November, where you will be able to build your knowledge in areas that are crucial to supporting your practice.

Nursing in a rural setting is unlike any other experience. In smaller teams, you are the front line of care, often serving as the first point of contact for patients with diverse needs. To succeed in this role, you must be a multi-skilled generalist, utilising the full range of your expertise. However, we understand that maintaining skills and confidence can be challenging due to the geographical constraints and the sporadic nature of health presentations.

That's where the Rural Nurses Conference comes in. Covering everything from primary care to emergency, women's health, chronic care, virtual health and more, it will leave you with a deeper knowledge of key areas of practice so you're ready to handle whatever comes your way.
