

# SafeScript NSW What does it mean?

**WHEN** Wednesday, September 29th 2021  
7:30 PM – 8:30 PM

**WHERE** Online

**COST** Free

As part of a nationwide initiative, NSW health has implemented the Real Time Prescription Monitoring System “Safe Script NSW”. This webinar will provide GPs with information about the SafeScript NSW system, additional resources being developed with this system (including the Telephone Advice Service for GPs and Pharmacists), and what actions are available to them to ensure the best possible patient outcomes.
