Aim of workshop: to improve health professionals' knowledge, skills, and confidence in the palliative approach to care for people with a life-limiting illness. The workshops are interactive and provide time for discussion through case presentations and examples

Topics include: Principles/models of palliative care; symptom management; pharmacy in palliative care; communication, teamwork and self care; case studies; overview of PEPA and placement opportunities.

Intended workshop audience: ALL persons working in Hospital, Community, Aged Care or GP Practice settings, regardless of their discipline or palliative care knowledge.
