The RACGP and PSA have released updated clinical guidelines to assist medical practitioners and pharmacists who are providing smoking cessation care and might consider prescribing or dispensing nicotine vaping products (NVPs) as an unapproved smoking cessation aide. This webinar is intended to assist medical practitioners and pharmacists implement the new guidelines.

Presented by:

Prof Nick Zwar – Chair, Expert Advisory Group, RACGP Clinical Guidelines for Smoking Cessation.

Dr Shane Jackson – Chair, Project Advisory Group, Pharmaceutical Society of Australia, updated Guidelines on Smoking Cessation.
