

Smoking Cessation Educators Course 2021

WHEN Starts: Thursday, March 25th 2021 at 9:00 AM
Ends: Friday, March 26th 2021 at 5:00 PM

WHERE Online

COST A two day intensive course

A 2 day evidence based course empowers professionals to treat and manage nicotine dependency.

Taking an holistic approach using proven evidence based techniques, the course is presented by active experts and helps skill participants to be able to work effectively one on one with clients for effective nicotine management and health outcomes. Presented by a panel of practicing health professionals including the team of the Lung Health Promotion Centre at the Alfred.
