

Supporting AOD clients with cognitive impairment: what clinicians need to know

WHEN Thursday, February 10th 2022
12:00 PM – 1:00 PM

WHERE Online

COST Free

Presenters: Dr James Gooden and Dr Vanessa Petersen (Turning Point)

This webinar will provide attendees with a practical understanding of:

- Cognitive functioning and key indicators of impairment;
- Common aetiologies and modifiable risk factors for cognitive impairment;
- Implementing strategies to address cognitive changes including compensatory strategies and lifestyle factors.
