

Surviving Lockdown Meltdowns in General Practice

WHEN Thursday, August 26th 2021
6:00 PM – 8:00 PM

WHERE Online

COST Free

During this Pandemic, General Practice staff are at the frontline of healthcare, but often find themselves faced with a level of anger, frustration and rudeness, at a level that they have never experienced before. This is taking an increasing toll on the mental and physical health of all staff.

This free webinar is designed to assist staff in managing this “age of the meltdown” in their practices, while supporting each other to build resilience through a troubling and uncertain period.
