

The Challenging School-Aged Child - The Academy of Child and Adolescent Health Primary Care Webinar Series

WHEN Wednesday, November 17th 2021
7:30 PM - 9:00 PM

WHERE Online

COST Paid Event

ACAH is an organisation focusing on advocating for the health needs of newborns, children and adolescents in a cooperative, collegiate environment. To further this aim in 2021, we are presenting our inaugural webinar series for primary care clinicians passionate about child health around Australia.

Webinar 2 focuses on Developmental red flags (normal vs when to refer), managing anxiety in school-age children and navigating ASD in general practice
