The RCH Education Hub is excited to present the Paediatric Health Education Program for General Practitioners. Registration is open.

Next week's webinar on Thursday 27th April "Cardiac Issues in Kids" will be presented by Dr Lucas Eastaugh, Cardiologist.

The multifaceted education program has been designed for General Practitioners and includes: monthly live interactive webinars (recordings available), an online chat forum, resources, and feedback to support your practice in paediatric health care. For more information, please contact the Education Hub via education.hub@rch.org.au

Cost: \$250 + GST to access all course materials from 16th February 2023 until 16th February 2024.

Note: We recommend you use your personal email address to register, as your work organisation may block emails from the RCH learning portal.
