Join LGBTIQ+ Health Australia on Monday 2 August for a webinar featuring information about the upcoming census and the 2020 ABS Standards. We'll be joined by two guest speakers from the ABS who will discuss the importance of the census, and how the 2020 ABS Standards can be used to improve data collection for LGBTIQ+ communities. The webinar will also include information on action that you can take to influence change for the 2026 census.
