Australian Society of Plastic Surgeons (ASPS) and Melanoma Institute Australia (MIA) invite you to join our webinar for clinicians with an interest in skin cancer.

During the webinar, a panel from different surgical disciplines will discuss the role of surgery and sequencing of treatment modalities in the management of advanced non-melanoma skin cancers (NMSC)/keratinocyte cancers through case discussions with audience participation.

Chair:

- A/Prof Sydney Ch'ng, MIA and Chris O'Brien Lifecare Cancer Centre
