

What's New in Asthma - An update with Prof. Christine Jenkins

WHEN Wednesday, August 4th 2021
7:30 PM - 8:30 PM

WHERE Online

COST Free

Learning objectives

- To educate the HCPs on effective asthma maintenance therapy to reduce the need for rescue medication
- To educate the HCPs on the benefits of 24 hour asthma control
- For HCPs to understand the clinical and practical benefits of using dual and triple therapy in Australia
- To demonstrate to GPs how to simplify their asthma management plans
