

What's New in Cancer Research | Webinar

WHEN Tuesday, August 8th 2023
12:00 PM – 1:00 PM

WHERE Online

COST Free

The Primary Care Collaborative Cancer Clinical Trials Group (PC4) is hosting a free What's New in Cancer Research Webinar showcasing three research projects currently underway in Australia. Hear from Dr Anna Singleton, Dr Larry Myers and Dr Kristi Milley as they present insights into their work in cancer research and the importance of consumer involvement throughout the entire research journey. This webinar is free and open to anyone with an interest in cancer or cancer research.
